### WORK

#### Designer | Digital Corps - Ball State University

*August 2013 - present*

In my role as “design master,” I work on a wide variety of digital and web based projects with responsibilities ranging from art direction and illustration to front end web design and development. I also perform various leadership and training functions such as design presentations and workshops both within the Digital Corps and university.

#### Freelance Design and Illustration

*2005 - present*

#### Cartoonist

*2007 - 2013*

For six years, I wrote, drew and produced all aspects of an online comic strip as well as designing and maintained the accompanying website.
